Notes:

Do the following for each set of your course homework:

- For written homework you can provide the hard copy or electronic version of solutions. The electronic versions of solutions must be sent to neuralnet667@gmail.com. (the same format as computer assignments)

- For computer assignments, one should provide both report and source code. Each part of homework that requires explanation should be considered in report. Moreover the results should be provided there.

- In the subject of your emails, the homework number and your student ID must be specified.
