Assignment 2

- Visit the OPF repository at: http://www.opfro.org/. How do the process constituents of FOOM correspond to (i.e., as instances of) OPF Work-Units and Stages? You should specify the corresponding OPF work-units/stages for each of the FOOM process units introduced in class.

- Compare the Catalysis process (used for Business Systems Development) with the OPM process: Specify the similarities and differences, and point out the aspects in which one process is superior to the other.
